Well I'm just sitting here.
Wondering what happened with this love.
One that could never be spoken of.
Though I want it to.
And I know what you want.
You want me to take away the pain.
Make it all safe and sane inside of you.
Tonight Tonight Tonight Tonight
And you know I want to...
Tonight Tonight Tonight Tonight

So what happens here?
Should we still play the game?
Should we play it safe and sane?
What do you want to do?
And you know what I want.
I want you to take me away.
I'll go any place that you want me to.
And you know I want you.

First There's you.
Then there's me.
And with booze it makes it 3.
Not quite the lucky number.
But it was for me.
Now I know that I should go.
But you just won't say no.
And with loving like that.
I guess I just have to show up.

Tonight Tonight Tonight Tonight [x4]

Do you think you'll still care?
Do you think it will last?
Well I'm just sitting here.
Waiting for you.

Tonight Tonight Tonight Tonight [x4]

First There's you.
Then there's me.

And with booze it makes it 3.
Not quite the lucky number.
But it was for me.
Now I know that I should go.
But you just won't say no.
And with loving like that.
I guess I just have to show up.
