You I gotta listen to my story, oh yea
Lend me your ear
I'm talking to all my fellows about
It was just another day in the hood
Me and my homie was up to no good
We was just rolling up the block in my 64
With the soft cup and the suicide doors
So we stopped at the red light
I sat back and started thinking about my life
I'm talking how to make money, how to live right
My girl is struggling trying to find a place in my life
I'm talking whole lot of chips, chrome , whips
Brand new house, off in the hills
Big record deal, all of that shit comes 2nd to love, oh
yeah
I've been taking whole lot of trips, all around the world
, ain't the spot, without you girl, listen to my words
All of that shit comes 2nd to love

I sat my lady down so we could talk
Cause we haven't had much time at all
And she's pouring her heart out to me
And in the middle of it she started crying
How can a man who says he loves you can't heal this
pain
And I'm even more man, I'm the man who made you
feel this way
And she said
I could have a whole lot of chips, chrome , whips
Brand new house, off in the hills
Big record deal, all of that shit comes 2nd to love, oh
yeah
I've been taking whole lot of trips, all around the world
, ain't the spot, without you girl, listen to my words
All of that shit comes 2nd to love, yeah

So concerned with being a man
I forgot I be your man,
What am I gonna do, to make it up to you?
So concerned with being a man
I forgot I be your man
What am I gonna do, to make it up to you?

I could have a whole lot of chips, chrome , whips
Brand new house, off in the hills
Big record deal, all of that shit comes 2nd to love, oh
yeah
I could have a whole lot of chips, chrome , whips
Brand new house, off in the hills
Big record deal, all of that shit comes 2nd to love, oh
yeah
I've been taking whole lot of trips, all around the world
, ain't the spot, without you girl, listen to my words
All of that shit comes 2nd to love, yeah
