You look amazing  
so damn it girl you can take me yeah  
what's this no cosmic  
at the 2 or 3 girl we can stop it oh

I got you in my captain night  
I'm gonna drink you even beneath the ice  
ohh I can just go to em like that  
I'm never get enough  
I can just go to me like that ohh

I got it all for you tonight  
I got it all for you tonight  
so just put your hands up in the sky  
'cause I got it all for you,  
I got it all for you tonight, tonight, tonight  
I got it all for you, I got it all for you

I got it all for you  
I got it all for you

wish she was crazy  
girl can you blame me  
..and drivin me crazy yeah

I got you in my captain night  
I'm gonna drink you even beneath the ice  
ohh I can just go to em like that  
I'm never get enough  
I can just go to me like that ohh

I got it all for you tonight
