If you ever been in love, though it ain't easy
Every time you pack up, you never in the believing
Talk like you're so bad, telling your girls I have hurt you
back
And everything that was alright with the other way
And now you're standing there, with tears in hand
Anything that I ... to say when he left, he change with
the weather
But if you don't know nothing else you know what I take
around is there
So when you fall and scrape your heart don't look for
another one
Just trust don't
I won't need no two hearts if you break it, put a band
aid over and then move on,
hurt them too strong, and then follow, it's not a secret
The pain is ... hope you can take it, put a band aid over
and then move on,
girl don't wait don't wait two strokes
Put a band aid over ya, put a band aid over ya

Whenever I go out, I love when you see me
And my ... ain't held down, you can't believe it
Tell me what you expect I will be struck up in my bed
It's not the end of the world just cause you went away
I'll find somebody else to love me the way that you
couldn't
And everything is ... and I'm so much better
So if I don't know nothing else, know we can take care
of me well
So when you call I press ignore and I give another
thought, oh I

I won't need no two hearts if you break it, put a band
aid over and then move on,
hurt them too strong, and then follow, it's not a secret
The pain is ... hope you can take it, put a band aid over
and then move on,
girl don't wait don't wait two strokes
Put a band aid over ya, put a band aid over ya

We came in crying tears of right away, of right away

We kissed once more and made it all threw away, oho
I'm good, I'll patch myself up and keep rocking, I'm
good
I'm good, you can hurt me boy but it ain't no stopping,
I'm good,
I'm good, I'll patch myself up and keep rocking, I'm
good
I'm good, you can hurt me boy but it ain't no stopping,
I'm good,

I won't need no two hearts if you break it, put a band
aid over and then move on,
hurt them too strong, and then follow, it's not a secret
The pain is ... hope you can take it, put a band aid over
and then move on,
girl don't wait don't wait two strokes
Put a band aid over ya, put a band aid over ya.
