My heart is a desert land
So dry and cold
My heart is a desert land
Nothing for miles, any way you go
I feel so different
Since you been gone
And now your looking,
For another home
Since I didn't keep my word,
Didn't do what I promised
Guess I was
I said I'll always be true to you
But I gave up,
Tell me can we make up, cause

My heart is a deserted city
Since your love moved up
And left me down, no
I'm lost and nothing out here with me
Move back to town and change my heart
From this deserted city

I wish I was weatherman
So I could see the rain
Before it ever lands
And start my pain
I would of done different
Would of switched my lane
But I went the wrong way down
A one way street
And now I gotta you turn and change

Since I didn't keep my word,
Didn't do what I promised
Guess I was
I said I'll always be true to you
But I gave up,
Tell me can we make up, cause

My heart is a deserted city
Since your love moved up
And left me down, no

I'm lost and nothing out here with me
Move back to town and change my heart
From this deserted city

There's no more apple pie at the corner store
No gas at the
No performance in the air but I'll do anything
Just to feel you again

Cause my heart is a deserted city
Since your love moved up
And left me down, no
I'm lost and nothing out here with me
Move back to town and change my heart
From this deserted city

Oh from this deserted city
Oh from this deserted city
Oh from this deserted city
Ohhhh.
