This house ain't big enough for the both of us,
somebody has to leave
Trying to get the best of me, give a go at destroying
what have been
But these walls are way too... and my skin is way too
thick for all of this
You're the only one that you're hurting,
building a fortress of hatred wrapped within
With your words are bullets but shooting only pain
So take your best shot, girl

So go ahead and fire away,
pull the trigger, push the button, girl make a move
So go ahead and fire away,
pull the trigger, push the button, off either way

, changed the array, but now I'm chilling with my man
Marcelo
Bring the noise, yeah
Dropped out of tears that we do use against me but you

Thanks to Andrei
