I don't need super human strength to pick  
You up when your down, (no) cause a sense of humor  
Will turn that frown into a smile, (and I don't have to)  
and I  
Don't have to fly to make you feel like your on top of the  
World (cause I) always let you know that your my one  
And only girl,

I'm not the strongest man alive (like superman)  
I wish that I could read your mind(I wish that I could  
read your mind)  
And I can travel back in time (and I can travel back  
through time)  
To stop the hurt and erase the lies, ooooh  
I wish I had x-ray vision to see straight through to your  
heart but  
I'm only human (only human) I'm only human  
I'm just me, not no super man I do the best that I can  
cause  
I'm only human (only human) I'm only human I'm just  
me me,

I don't need all the green to make you feel incredible  
(cause my love),  
Cause baby my love for you is bigger than the hulk  
(hulk, hulk)  
I don't need super human speed to be there for your  
needs,  
(there for your needs) and I don't need a web to come  
down  
To sweep you off of your feet ooooooooooh

I'm not the strongest man alive (like superman)  
I wish that I could read your mind(I wish that I could  
read your mind)  
And I can travel back through time (and I can travel  
back through time)  
To stop the hurt and erase the lies, ooooh  
I wish I had x-ray vision to see straight through to your  
heart but  
I'm only human (only human) I'm only human  
I'm just me, not no super man I do the best that I can

cause

I'm only human (only human) I'm only human oooooh,

I wish I had x-ray vision to see straight through to your  
soul,

I'm only human (but I'm only human) I'm only human  
(A!)

I'm not no super man I do the best that I can,

I'm only human (only human) I'm only human I'm just  
me,

There isnt a bird or plane a speedin train the biggest  
storms

But I pour out my heart (ignite the flame) to be what  
you need

(to heal the pain)

There isnt a bird or plane a speedin train the biggest  
storms

Pour out my heart (ignite the flame) to be what you  
need yeah

(to heal the pain)

I wish I had x-ray vision to see straight through to your  
heart

I'm only human (but I'm only human) I'm only human  
I'm just me, not no super man I do the best that I can

oooooooh

I'm only human (but I'm only human) I'm only human

I'm ooooooohuoooohoooo

I'm only human, I'm only human

I'm only human, I'm only human
