

Adonis "Radio"

Visit "[Radio](#)" on MotoLyrics.com

I wear my heart on my sleeve
Like it's the new fashion yeah
You're gonna say this is mean
But you're the greatest actor
I've ever seen

It's like my director just said action
Girl you turn it on so fast for me
You want me to believe that what you're after is my love
But I know that can't be

Tell me what good is taking me to the mountain top
If you leave me standing there
Tell me
What good is telling me that you wanna stay
When you know your heart ain't here

You get to talking
I turn up my radio radio radio
I turn up my radio radio radio
Cause I don't wanna hear it no hear it no hear it no
So I turn up my radio radio radio

A cup of you a teaspoon of me
Is a recipe for disaster oh
I must be watching a comedy
Cause you give me some good laughter oh

It's like my director just said action
Girl you turn it on so fast for me
You want me to believe that what you're after is my love
But I know that can't be

Tell me what good is taking me to the mountain top
If you leave me standing there
Tell me
What good is telling me that you wanna stay
When you know your heart ain't here

You get to talking
I turn up my radio radio radio
I turn up my radio radio radio

Cause I don't wanna hear it no hear it no hear it no
So I turn up my radio radio radio

Oh I've seen this same song and dance before
At another show
I have front row seats didn't miss a thing
And disappointment is all you came promise me

What good is taking me to the mountain top
If you leave me standing there
What good is telling me that you wanna stay
When you know your heart ain't here

I turn up my radio radio radio
I turn up my radio radio radio
I don't wanna hear it no hear it no hear it no
So I turn up my radio radio radio

What good is taking me to the mountain top
If you leave me standing there
What good is telling me that you wanna stay
When you know your heart ain't here

I turn up my radio radio radio
I turn up my radio radio radio
I don't wanna hear it no hear it no hear it no
So I turn up my radio radio radio
