In a world full of danger
love conquers all

yeah

wondering how to make it
wondering how to weather the storm
it feels just like the pain is just begining
i try so hard to fake it
but this cold world is leaving me torn
it seems to me the pain is never ending

you try so hard to please
but you get knocked down
can you tell me what thats about
back stabbing family & friends
that keep putting you down
can you tell me what, thats about

but in the midst of all this
you make it better for me
no more lonely skies (why)
cause were unified
nothing else seems to exist
as long as your by my side
its you and me against the world

[pre chorus]
anybody feel what im feeling (and ooooooh)
when you finally found that someone you love
when haters so persistant
the spirits keeps me lifted
thats why i give my heart to you

[chorus]
its you and me against the world (world)
against the world
you and me against the world (world)
against the world
you and me against the world (world)
against the world
you and me against the world (world)

against the world

Life is getting harder
everyday were heading closer to danger
it seems to me the hurt is slowly ending
but i dont really care
just aslong as it ends with me and you together
(together)
everyday struck with (hustling, hustling)
trying to make ends meet (this is all tiring)
gas prices through the roof
but imma pay it just to get to you

but in the midst of all this (in the midst of all this)
you make it better for me
no more lonely nights (why)
cause were ride or die
nothing else seems to exist
as long as your by my side
its you and me against the world

[pre chorus]
anybody feel what im feeling (and ooooooh)
when you finally found that someone you love
when haters so persistant
the spirits keeps me lifted
thats why i give my heart to you

[chorus]
its you and me against the world (world)
against the world
you and me against the world (world)
against the world
you and me against the world (world)
against the world
you and me against the world (world)
against the world

oooooooo... (against the world)
oooooooo... (against the world)
oooooooo...
oooooooo...

through.. all.. the.. trials
and tribulations that,
try to bring, you down
you.. are.. my.. rock
thats there to hold me down
through it all,
cause im fighting, im fighting

[pre chorus]

anybody feel what im feeling (and ooooooh)
when you finally found that someone you love
when haters so persistant (so persistant)
the spirits keeps me lifted (you keep me lifted)
thats why i give my heart to you

[chorus]

its you and me against the world (world)
against the world
you and me against the world (world)
against the world
you and me against the world (world)
against the world
you and me against the world (world)
against the world

oooooooo... (against the world)
oooooooo... (against the world)
oooooooo...
oooooooo...

against the world
