3AM thursday morning, just got in,
Outside it's storming but I swear it feels like it's
raining in here, to me only.
It's been 3 months since I saw you but I swear I smell
your perfume all over the place,
Guess I can't erase that part of my brain, it still
contains you.

I know that we're over, but my body just can't let go of
her.
I need you, when I had you I could've pleased you.

Even though I know you're gone,
I can still hear your voice, I can still smell your choice of
frAGRANCE,
See you when I'm dreaming, wish I could still feel your
love.
I took you into my senses,
I took you into my senses, I lost you cause I was
senseless,
Gotta get control of my senses. (Oooh)

Walking around, staring at your pictures,
Can't take em down, afraid I'll forget you,
And I don't wanna do that to you.
Still in love, try to move over, they don't measure up,
No matter what they do, and I'm so confused.
Cause when I'm there with her I think of you.

I know that we're over, but my body just can't let go of
her
I need you, when I had you I could've pleased you.

Even though I know you're gone,
I can still hear your voice, I can still smell your choice of
frAGRANCE,
See you when I'm dreaming, wish I could still feel your
love.
I took you into my senses,
I took you into my senses, I lost you cause I was
senseless,
Gotta get control of my senses. (Oooh)

Even though I know you're gone, I can still hear your
voice,
I can still smell your choice of frangrance,
See you when I'm dreaming, wish I could still feel your
love.
I took you into my senses,
I took you into my senses,
I lost you cause I was senseless,
Gotta get control of my senses.

I took you into my senses,
I took you into my senses,
I lost you cause I was senseless,
Gotta get control of my senses. (Oooh)
