Oh oh
Looking out my window,
Watching life go by
I wonder what my place is in it
Promising myself today that I won't cry
Got out of bed cause you're not in it
You, you may never know
That most my time is so consumed
With what could of been

So I put on your clothes
And then I hold myself
And pretend it's you
Make you breakfast,
Get the paper,
Set the table
Just for you
Get home and there's no answer,
When I call your name
And I just said wow,
I really hate the days when silence is so loud
Oh oh oh when silence is so loud
Yeah yeah
Yeah

Driving on the highway with the top down
I, I'm thinking bout what you're doing
And if there's someone new that's in your life
That almost had my heart not moving
Hey babe I'm on center stage,
I got a microphone
Screaming out your name
In my head I wish you were here
Or I was there
So things could be the same
You, you may never know
That most my time is so consumed
With what could of been

So I put on your clothes
And then I hold myself
And pretend it's you

Make you breakfast,
Get the paper,
Set the table
Just for you
Get home and there's no answer,
When I call your name
And I just said wow,
I really hate the days when silence is so loud
Oh oh oh when silence is so loud
Yeah yeah
Yeah

Whoa tell me
How do I get it through to you
So you could see
If you look at my face
Then I honestly
Would tell you that I'm so damn crazy about ya,
Spend all day thinking about ya
My thoughts are drowning me out, love
I really hate the days when silence is so loud
Oh oh oh when silence is so loud
Yeah yeah
Yeah

Put on your clothes
And then I hold myself
And pretend it's you
Make you breakfast,
Get the paper,
Set the table
Just for you
Get home and there's no answer,
When I call your name
And I just said wow,
I really hate the days when silence is so loud
Oh oh oh when silence is so loud
I really hate the days when silence is so loud
Oh oh oh when silence is so loud
Yeah yeah
Yeah
