Princess, Angel
where have you gone to now
Have you left me
In this world to face the night alone
I'll never let you go
(She said with a smile)
My angel in the snow
Time is slipping
--- through my fingers now
I can't find the
Blue-eyed moon that calmed the storm
I'll never let you go
(Endear me)
My angel in the snow
Looking back on all she had to give
I didn't know the snow was gone

Grandma's Easter album brings back
The smile that calmed the rain
I can't believe that you're gone
I was the one that pushed you away
Dying inside of my child
The smile that calmed the rain
Come back to me
I'm on my knees
Praying to these
Memories
I'll never let you go
(Endear me)
My angel in the snow.....
