She lives alone

On a one-way alley street

She left her home

A place where she was beat.

Now there's nowhere left to run

Nowhere left to sleep

Nothing's left

But misery

She'll try to hide the pain

As a tear rolls from her eye

Fly away, Run away

Maybe angels will take you to the promised land

Take you higher, take you up by the hand

Maybe you don't know what you have done to yourself

Maybe you don't care but anyway.

Run away, Fly away

Don't let them take you away

Escape it, just leave it

Find a way, Run away.

Memories

Decorate her bedroom wall

Fantasies

Are what she had, that's all

Now she's praying for someone

To resurrect her soul

To change her life

Before she falls

She'll try to kill the pain

With the needle in her arm

Fly away, Run away
