I'm stranded deep inside my own mind
Counting stars as they pass by
Can feel my heartbeat escape me
I'm tired of feeling all alone
Can one day just go by
Without feeling locked in time

Come and set me free
Is this meant to be
When I'm tossing in my bed
The blood flows through my head
But I don't feel the pulse

I'm up against myself
As time stands still
My last moments pass me by
I'm feeling colder with each breath
My heart shivers, veins grown numb
Where is the feeling I should get
Everytime I reach for you

Come and set me free
Is this meant to be
When I'm tossing in my bed
The blood flows through my head
But I don't feel the pulse

I'm lying to myself now
Time's slipping away
I'm stuck in the moments
Between night and day
I want out'f here
This ain't me home
I am homesick
Don't leave me alone

I'm still lost within my own mind

I don't care what I lose
I must come true
There's nothing I will not go through

Come and set me free
Is this ment to be
When I'm tossing in my bed
The blood flows through my head
But I don't feel the pulse
Please come and set me free
Is this ment to be
When I'm tossing in my bed
The blood flows through my head
But I don't feel the pulse
