Siren, I can hear your song  
Your enchanted melody  
Siren, I can't flee from you  
I am yours eternally

[chorus]  
I don't care, I don't mind  
What happens to me  
As long as you're by my side  
Then I'm free  
I have searched, for so long  
That nothing can hurt me no more  
As long as I see your smile  
Then I am free

Siren, sing your song to me  
Lead me home to you  
Siren, you belong to me  
I live for you

[chorus]

I have traveled the seas of love  
With my dreams as sail  
So help me the God above  
This time I cannot fail
