I gave and I sacrificed
But what did I gain but nothing
And I tried and I compromised
But what did I get but nothing

[chorus]
Nothing at all
Nothing but pain
And a soul in flames

I worked and I struggled
But what did I earn but nothing
And I fought and battled
But what did I win: nothing

[chorus]

One thousand miles
One thousand days and One thousand nights
And I'm still here
I ran in circles, I'm still here

Nothing but scars upon my heart
And a tomorrow that soon will die
Nothing but a soul torn apart
And tears in my eyes

A soul in flames
