When tides stop their crashing  
And all the clocks stop turning  
And when the sunrise comes  
Will you still be there in the morning?  
To greet the new day by my side  
And promise you still care  
Will you still be there?  
In the morning today

Can I hold you hand  
To save me from my nightmares  
Will you lie close to me?  
And say you'll never leave

You'll never leave

And in our darkest times  
I will catch you when you fall  
If you'll hold my hand for now  
I promise I won't leave forever

And when the alarm  
Go silent as we wake up  
And we leave our separate ways  
Will we return the same way?

To meet again in the end  
And captivate our hearts  
And with those three words  
Return into the night, into the night

And in our darkest times  
I will catch you when you fall  
If you'll hold my hand for now  
I promise I won't leave forever

And in the darkest nights  
Well shine forever, so bright  
I'll keep you here by my side  
Well stand forever, tonight

(Solo)

I swear tonight, I can't sleep  
With out you here  
And there's no way that I  
Can go on without you here

And in our darkest times  
I will catch you when you fall  
If you'll hold my hand for now  
I promise I won't leave forever

And in the darkest nights  
Well shine forever, so bright  
I'll keeps you here by my side  
Well stand forever, tonight

And can you hear, my voice lift up  
And take us out of here  
Can you imagine that I  
Can't go on, when your not by my side

I'll keeps you here  
Keep you here  
I'll keeps you here  
Keep you here
