I know the odds are against us
I know you know that too
I know too much for my own good

I know in your dreams
I'm there in my sleep
So silent, So deadly
Come on and wake up already
Tonight's when I'll try
To forget last years news for good

I don't fall asleep anymore
I can't imagine why
I don't have that feeling you get when you're alive

I know in your dreams
I'm there in my sleep
So silent, So deadly
Come on and wake up already
Tonight's when I'll try
To forget last years news for good

It's starting to end
This never began
I don't know how I'll cope with this
It's happened so many times
That I just take all the shots now

I know in your dreams
I'm there in my sleep
So silent, So deadly
Come on and wake up already
Tonight's when I'll try
To forget last years news for good
