Hah!
Hit you with my ultraviolence
Skin cancer causing laser beam flow then causing riot
Oh shit! I'm gon' give you
more and more (hah) flows that's gon' help you
see who got the real raw -- you can watch me wreck
(huh)
for the entire nine seasons
Cold-blooded flow that got you motherfuckers freezin
You (you) must (must) find (find) your style
Identify with your own profile! Uhh uhh
Niggaz don't understand what we be talkin about
Designed especially for biters who try to figure it out!!
Huh, WHOOOO! Ice Capades all over beats son
while I smoke your Phillies all the way down to the last
one (HAH)
Yo watch me skyrocket (HUH)
Prop me for my flow then get your hand out my pocket
As the world keeps on turnin
Killing microphones as the nigga most determined
Keeping biters fiending like this was they last serving
Stay away from fake motherfucks like Mark Fuhrman
Got your whole entire +Little House on the Prarie+
burning
Stick me for my rhyme like you stuck me for my

Sherlings
Yo, you must be out your fuckin mind
The only thing you really need to do is chill and watch
the sun shine

RRRRRROAW RRRRRRROAW
til my dragon baby stop whinin
I see my influence still shinin

Hah, hah, hah, hah
Hoh, hoh, hoh, HAHHHHHHHH!

Hey, get with this here roll call
Keep my peoples movin like a U-Haul
Then I'm gonna hit you, wit that
shit that's sure to make your dome crack
Watch me knock you down
You'll be surprised how quick the fuckin word will get
around
A biter came up missin and the bitch was never found,
YO
I come with shit, so sure, to hit
Hit you til your motherfuckin dome split
Counterfeit niggaz need to sit back up off of it
And if you don't listen you deserve whatever you get
gasping for air Just a moment, let me take a breather
Got you niggaz sweatin coal, like you caught the fever
Just to know my every move you fuck a freak psychic
reader
For those who bite my flows I got to always pack my
heater
Yo, I was the one that (hah) made a nigga cough (huh)
Soft (hoo!) Wait quick to turn a nigga off
Yo, I'm quick to break a niggaz spine
and any effort made by those who try to take mine
