All my niggas dirty  
Hungry and thirsty  
Hitcha like 30 30 for watcha worst see  
Ya know we got to get this money  
Survival hungry

Verse One:

A yo ooh baby  
What I feel is just, ha  
The type of shit that make you act stupid for real, but a  
Ya'll, before ya try to wear these you need to hear  
these  
Welcome all ya'll to my world series  
Ya ya ya  
Elaborate on Busta Rhymes theories  
Ya ya ya  
I could bust your ass from half a ball Mcs  
Ya ya ya  
Never disrespect these monumental creating new flow  
The full blast we'll hit'em hit'em hit'em high hit'em low  
And while your style will soften, then my mind will drift  
often  
To illusions of my lyrics given you massages in the  
coffin  
The boom shock ooh wee  
Horny nigga crash into a motherfuckin tree  
I visualize shit and we in the place to be  
Extra strength nigga bett's ta mind the party  
Full fears I just pierce of in the place  
Make the spot look scarce and peruse  
Needles in ya face  
Fuck dumb shit straight up  
Keep it bouncin baby make sure you hold your wait up  
A ha  
Yea, just watch how the flow will change up for sure  
Rippin until my niggas walk out the door

Chorus

Verse Two:

Ya'll, I refuse to lose  
Look at the news and read the interviews  
Flipmode is da squad  
A unit made of many crews  
Give me the whole entire wheel of fortune  
Makin a sacrifice no matter what the shit be coustin  
And while you coughing I be flawsine like a fuckin  
dolphin  
A lot of bitch rich niggas expernce extortion  
This hours born when I'ma form  
I drop a million in a one stony rocks on niggas like a  
fuckin hailstorm  
I pulnternal my new flow  
Put on your funeral home suit  
And exacuted with a bang shoop  
The blow torch been ignited  
Those who seem exited, ha  
I'ma bout ? bunch of bitch niggas and they extradited  
You soundin so sloppy  
Like a broken muffler draggin behind an older lobby  
Once the bomb drops here's to aftermath  
Scientist tried to disscet my way and formulate my  
craft  
Worrying bout how I achieve things  
The way I antilze shit and how I proceed things  
My style is real like bear skin imported from the  
Pursuance  
Follow my excoriation all the way till you feelin the  
newer vibe version  
I complete the after feat  
Destroy who ever complicate the way how I eat  
Survival hungry nigga
