I run through cars, near and far  
Watch me break them all apart  
Never mind, that's a lie  
I found the cure, all of your  
Physical ailments no more  
In my mind, you're alright  
I'm miles away, across the airwaves  
I'm miles out across the airwaves now

Dream forever  
We can dream forever  
Dream forever  
We can, together, together  
Dream forever  
We can dream forever  
Still we'll never  
Have it together, together

I drive through stars, fly my cars  
Watch me break the sky apart  
Never mind, that's a lie  
I always win, perfect skin  
Perfect everything within

In my mind, I'm alright  
I'm miles away, across the airwaves  
I'm miles out across the airwaves now

Dream forever  
We can dream forever  
Dream forever  
We can, together, together  
Dream forever  
We can dream forever  
Still we'll never  
Have it together, together

I'm miles away, across the airwaves  
I'm miles out across the airwaves now

Dream forever

We can dream forever  
Dream forever  
We can, together, together  
Dream forever  
We can dream forever  
Still we'll never  
Have it together, together
