Into a depth of haze, I'll see you dead

The colossal rains flow like the breeze

A sheltered scenery as the arms outstretch for me

You'll never walk again (In a sorry sea of pale sound
uplifting

here, dark waters flow free through the

achways of silent dreams)

Brought back from centuries, creation seen

The colossal rains mortal spirits drained

Can this be real, what the frozen rains reveal

You'll never walk again (hear cries, way of reach and
shallow

the silver breathes, the sun wakes the

sleeping heat and drowns in a mass disease
