Lying here alone and cold
And I'm waiting fr the dawn
Laughter at my every move
As if crippled by my thoughts
And I'm burning cold, burning cold
You prevail in the end
Hating the disgrace
I'm taken all the more
And I'll take all that I see
You'll do it all for me
All the more, you feed off my rejection
All the more, I tear your soul in two
Lonely are my tears of pain
And I'm punished by their cause
I'll rest on my burning throne
A release I move t owards is eternal sleep
All the more, I battle through the heartache
All the more, I'd lay myself to restBig Runga - HEAL
=====

Don't forget me
Bring me down

Don't let me
promise you
things I cannot do
This infection
Adds to my collection
Hoard my pain
And show it to you one day
You alone indeed
You sing so adamantly
And it fills my mind
With thoughts so fine
Don't ask me too much of me oh
Heal me now
Heal me now
Heal me now
Heal me now
Don't erase me
Cut me out replace me
I'm still here
And I'm not going anywhere
You alone indeed
You sing so adamantly
Let it free whatever's locked inside
Don't ask too much of me oh
Heal me now

Heal me now

Heal me now

Heal me now
