You're just what I want
Everyday is a new sensation
You're everything that I'm not
Don't worry about explanations

I just want you to call me up
And tell me its gonna be ok (its gonna be ok)
I just want you to call me up
And tell me you're on you're way

You're just what I need
Someone to keep me grounded
You're the air that I breathe
You're love has got me surrounded

I just want you to call me up
And tell me its gonna be ok (its gonna be ok)
I just want you to call me up
And tell me you're on you're way

Because now I found
Just what I want and I say
Now I found
Just what I needed

Just what I want (just what I want) x4

You're just what I want
Everyday is a new sensation
You're everything that I'm not
Don't worry about explanations

I just want you to call me up
And tell me its gonna be ok (its gonna be ok)
I just want you to call me up
And tell me you're on you're way

Because now I found
Just what I want and I say
Now I found
Just what I needed

Just what I want (just what I want) x4
