Walking away all by myself
While my baby is calling someone else
Yeah, it seems like I was out of date
I'm thinking of all these things but it's too late
Right now there's nothing I can say
Cos any fool can regret yesterday
Here I am on my knees & pray
That love will, love will, love will come back my way

Who's going to miss me the way that I miss you
Who's going to miss me the way that I miss you, yeah

You never wanna hear the words 'It's over now'
When you thought that this would last forever
Never felt so stunned as when you said goodbye
Cos I always say you, always say you, always say you
Right by my side

Who's going to miss me the way that I miss you
Who's going to miss me the way that I miss you, yeah

Right now can't go on fooling myself
I sure as hell can't go on living this way
I can't go on
No, no, no, no, no, no, no
I can't go on

Just want you to feel it the way that I do
Just want you to feel it when I'm gone
Just want you to miss me
Just want you to miss me
Hey!

Just want you to feel it the way that I do
Just want you to miss me like I miss you, yeah, yeah,
Yeah
Just want you to feel the way that I do, the way that I
Do
Just want you to feel it the way that I do, yeah
Hey!

Walking away all by myself
While my baby is off with someone else
So here I am on my knees & pray
Hoping that love will, love will, love will come back
My way

Who's going to miss me the way that I miss you
Who's going to miss me the way that I miss you
Who's going to miss me the way that I miss you
Who's going to miss me the way that I miss you, yeah
The way that I miss you
The way that I miss you
The way that I miss you
The way that I miss you
