There's a hole in my heart when you're not here
Pick up the pieces everywhere
Wish I could call but what could I say?
No simple way telling you to stay

There's no easy way
To tell you how I feel
There's no easy way
To say This Is For real

There's a hole in my head when you're not around
Miss the smell,
Miss the touch
and I miss the sound

Just wanna hold you
Don't hold you down
There's a hole in my head when you're not around

There's no easy way
to tell you how I feel
There's no easy way
to say this is for real

There's a hole in my heart when you're not here
There Is something missing
There's a hole in my heart when you're not here
There Is something missing
There's a hole in my heart when you're not here
There Is something missing
There's a hole in my heart when you're not here
There Is something missing
