You don't even know what you did, do you, baby?
You never looked back when you left
You didn't see me, oh, going crazy
Pickin' up the pieces all by myself

What am I gonna do with all this love
Now that you don't need it anymore?
Who am I gonna give it to? It all still belongs to you
What am I gonna do with all this love?

I packed all your things away in boxes
Put them under the bed collecting dust
I hid all your pictures in the closet
Oh, but there's still so much of us

What am I gonna do with all this love
Now that you don't need it anymore?
Who am I gonna give it to? It all still belongs to you
What am I gonna do with all this love?

Oh girl, you know I wish you well
Oh, but I wish that you could tell me
What am I gonna do with all this love?

I looked all around this house
And I can't seem to figure out
What am I gonna do with all this love?

It's more than I can deal with, baby
Yeah, it's driving me crazy
What am I gonna do with all this love?

You left me with way too much
All these memories of us
What am I gonna do with all this love?
What am I gonna do? What am I gonna do?
