Got the wide open sky in my eyes
Got my feet on solid ground
They don't want me to be who I am
Here in this place, it's my daddy's town
Oh, won't you meet me down by the river?
Won't you meet me down?

On the blacktop road where the corn don't grow
Don't you think it's time, baby, you and I find where it goes?
It's a long shot ride but we'll hold on tight
And we'll chase that wind till we make our street of gold
Out of blacktop road

Girl, I'm a wild horse that's ready to run
I know I don't belong behind no fence
I want a hill that's as big as my dreams
All that I can try my heart against
Oh, won't you meet me down by the river?
Won't you meet me down?

On the blacktop road where the corn don't grow
Don't you think it's time, baby, you and I find where it goes?
It's a long shot ride but we'll hold on tight
And we'll chase that wind till we make our street of gold
Out of blacktop road

Won't you meet me down by the river?
Won't you meet me down?

It's a long shot ride, but we'll hold on tight
And we'll chase that wind till we make our street of gold
Out of blacktop road, out of blacktop road
