All of this screamin'
Ain't gettin' us nowhere tonight
You're dead set on leavin'
Both of us tired of the same old fight
Your drawers are empty, your closet too
Your lips are ready to say we're through

But how 'bout you don't slam that door
Call it quits, throw your suitcase in that old Ford?
Back the car out, make that right
Hit the highway, say goodbye
How 'bout you don't?

I wanna be a changed man
Yeah, I'm gonna do the right thing now
I know I lose my temper
That's when everything goes south
You do too, you know that it's true
But walking out ain't the thing to do

So how 'bout you don't slam that door?
Call it quits, throw your suitcase in that old Ford
Back the car out, make that right
Hit the highway, say goodbye
How 'bout you don't?

Please don't say that it's over

How 'bout you don't, don't even move?
Let me hold you, show you that I still love you
Let's just try one more time
There ain't no good in saying goodbye

So how 'bout you don't?
So how 'bout you don't?
How 'bout you don't?
