seven colours curve across the sky
and I remember my first rainbow
seems like a thousand years ago I asked
mama what's a rainbow for
she said- after the rain comes, after the rain,
after the rain comes the sun
she said- after the rain comes,
after the rain comes the sun
after the rain comes the sun
seven colours curve across the sky
and I remember my first rainbow
seems like a thousand years ago I asked
mama what's a rainbow for
she said- after the rain comes, after the rain,
after the rain comes the sun--
