Reaching high above the stars  
Understand there's something more to believe in  
Always better if you know  
You can trust in me, I'll be there

Just remember who you are  
Deep inside your heart is the way to discover  
All the pieces left behind  
Everyone has darkness sometimes

I'm looking for one good sign  
And I'll be right there by your side  
Guiding your heart all the way  
'Cause I've come to take you home

When the day begins to fade  
And you're feeling too afraid  
Just remember who you are  
'Cause I've come to take you home

When you feel you've lost your way  
And there's nothing left to say  
Always better if you know  
That I've come to take you home

I'm looking for one good sign  
And I'll be right there by your side  
Guiding your heart all the way  
'Cause I've come to take you home
