Search yourself  
You are, you are the world tonight  
Would you give it all  
In slight, in stealth  
As we try, try to fake indifference  
But you can't disguise  
This love

To say goodbye is the hardest thing in life  
To say goodbye is the hardest thing in life  
To say goodbye  
To say goodbye is the hardest thing in life  
To say goodbye  
And let go!

The ghost in my head  
Made me say what I said  
You'll never fall in love  
With anyone but me  
With a thirst and a hope  
And a loss of control  
Do you want a ride?  
Unleash the sands of all time

Serve your soul  
Nourish and enrich and touch  
And do it all  
Despite yourself  
As we fly  
The heart of you is beating fast  
Take control  
And you give it all you got  
But you want more

To say goodbye is the hardest thing in life  
To say goodbye is the hardest thing in life  
To say goodbye  
To say goodbye is the hardest thing in life  
To say goodbye  
And let go!

The ghost in my head  
Made me say what I said  
You'll never fall in love  
With anyone but me  
With a thirst and a hope  
And a loss of control  
Do you want a ride?  
Unleash the sands of all time

Before tomorrow...
