I'd never thought that I'd see him cry
But then it's hard to say goodbye
For all that he became
He never changed that familiar sigh
You gatta move forward boy
You gatta get out of this town
Cause we'll still be around

Can't you feel it tonight
Memories will glow in this light
This place where we grew up, will always be
The heart and soul of me, the place that sets me free

Cause everybody grew up so fast
Another generation past
But it still feels like home to me
And even if those days have gone
They give me strength to carry on
Cause it feels like home to me

Cause not everyone gets a chance
To change the beat to the same old dance
We know where we belong
So raise a glass and sing along
You still gatta move forward boy
But when your back in this town
We will still be around

Can't you feel it tonight
Memories will glow in this light
This place where we grew up, will always be
The heart and soul of me, the place that sets me free

Cause everybody grew up so fast
Another generation past
But it still feels like home to me
And even if those days have gone
They give me strength to carry on
Cause it feels like home to me
[X2]
Cause it feels like home to me

Cause it feels like home to me
