So many things that I wanted to know
How could I tell that you wanted to go?
You built it up just to knock it all down
And you got to me, yeah you got to me
You can take, take, take every option
And fake, fake, fake your emotion
Cos you can make mistakes with a smile on your face
So you got to me, yeah you got to me

Time and time again
You will say goodbye,
Oh, this river's dry

So what do you say?
Pull the trigger walk away
Pull the trigger ricochet
So what do you say?
Pull the trigger walk away
Pull the trigger ricochet

You walk away
Leaving wreckage behind
I'm out of sight
But you're out of your mind
I'd like to say that I made a mistake
But don't hold your breath,
But don't hold your breath
Cos you can take, take, take my devotion
And break, break, break every notion
This time I'd like to say
That I'll get over the hate
But don't hold your breath,
And just hold your breath

Time and time again
You will say goodbye,
Oh, this river's dry

So what do you say?
Pull the trigger walk away
Pull the trigger ricochet
So what do you say?

Pull the trigger walk away
Pull the trigger ricochet

I could say that, I could say that, I could say that I made
a mistake
But don't hold your breath (x2)
But don't hold your breath, oh just hold your breath

So what do you say?
Pull the trigger walk away
Pull the trigger ricochet
So what do you say?
Pull the trigger walk away
Pull the trigger ricochet

I could say that, I could say that, I could say that I made
a mistake
I could say that, I could say that, I could say that I made
a mistake
But don't hold your breath
