Where do I begin, with this life we're livin' in
Market youth, the uniform, make us all fit in
But do you think, we're that blind?
That we can't see, through all your lies

'Cause it's no good
(Burn, burn this nation)
Burn it down
(Burn, burn the truth)

Enjoy the flames
(In celebration)
Enjoy the sound
(For us, for them, for you)

The world that I've been told, my integrity was sold
Prized and placed upon a shelf, it's worth it's weight in
gold
But do you think, we've lost our minds?
And we can't see through all your lies

'Cause it's no good
(Burn, burn this nation)
Burn it down
(Burn, burn the truth)

Enjoy the flames
(In celebration)
Enjoy the sound
(For us, for them, for you)

Hey, hey, hey, hey
Hey, hey, hey

Burn, burn, the truth, the lies, the news
Burn, burn, the life that you can't choose
Burn, burn, the hate that gets you through
Burn, burn, for us, for them, for you

Burn, burn, for us, for them, for you
Burn, burn, for us, for them, for you
Burn, burn, for us, for them, for you

Burn, burn, for us, for them, for you

Burn, burn, for us, for them, for you
Burn, burn, for us, for them, for you
Burn, burn, for us

'Cause it's no good
(Burn, burn this nation)
Burn it down
(Burn, burn the truth)

Enjoy the flames
(In celebration)
Enjoy the sound
(For us, for them, for you)

'Cause it's no good
(Burn, burn this nation)
Burn it down
(Burn, burn the truth)

Enjoy the flames
(In celebration)
Enjoy the sound
(For us, for them, for you)

For us, for them, for you
For us, for them, for you
For us, for them, for you
For us, for them, for you
