One, two  
One, two, three, four

I'm sure I've seen this look before  
Done a thousand times and a million more  
How many lies did he tell this time?  
How many times did he cross the line?

It won't help me but I have to ask  
Is there something real that's behind the mask?  
Something true we don't know about?  
A little faith in amongst the doubt

Maybe someday you will grow  
And maybe someday you will know  
Maybe someday you will end  
These fears and go

A little piece of me grows old  
I keep on walking down this road  
I've seen a million people change  
But I will stay the same

And I know you  
(Know you, know you)  
Know you always steal and borrow  
And I know you  
(Know you, know you)  
You never catch, you're never gonna catch tomorrow

I'm sure I've played this scene before  
I've seen this room and I've walked this floor  
I'm sure I used to hold your hand  
Did I hurt you?

All this attitude with no history  
All this anger when you're attacking me  
Got a lot to learn and you need to know  
That your time is up kid let it go

Maybe someday you will grow

And maybe someday you will know  
Maybe someday you will end  
These fears and go

A little piece of me grows old  
I keep on walking down this road  
I've seen a million people change  
But I will stay the same

And I know you  
(Know you, know you)  
Know you always steal and borrow  
And I know you  
(Know you, know you)  
You never catch, you're never gonna catch tomorrow

Never gonna catch tomorrow, ooh

A little piece of me grows old  
I keep on walking down this road  
I've seen a million people change  
But I will stay the same

And I know you  
(Know you, know you)  
Know you always steal and borrow  
And I know you  
(Know you, know you)  
You're never gonna catch tomorrow

Yeah the hair cuts hot  
But this has gotta stop  
And good shoes won't save you this time  
Think you're gonna find  
With everything combined  
That time runs out on this lie

And I know you  
(Know you, know you)  
Know you always steal and borrow  
And I know you  
(Know you, know you)  
You never catch, you're never gonna catch tomorrow
