Her eyes are open like a book  
Her fingers stroke her hair to look  
A moment feels so out of place  
This will left standing in disgrace  
Paint your fingernails at night  
Style you hair in the bathroom light  
Hatred never looked this good  
Whoever thought it could

I don't wanna wait or leave it up to fate  
'cause I just wanna watch you all night  
Screaming  
Andie, you goonie  
Don't you wake me up, I don't want this dream to...  
Andie, you goonie  
Don't you wake me up, I don't want this dream to...  
End

One kiss those lips could never lie  
But I know something isn't right  
Don't be fooled my friends aside  
'cause I see nothing in those eyes  
All said and done  
This won't be fun  
Make no mistake

Those smiles are fake

Don't wanna wait or leave it up to fate  
'cause I just wanna watch you all night  
Screaming  
Andie, you goonie  
Don't you wake me up, I don't want this dream to...  
Andie, you goonie,  
Don't you wake me up, I don't want this dream to...  
End

But believe me, I know it will always be moving  
I know we could find a key

Andie, you goonie  
Don't you wake me up, I don't want this dream to...

Andie, you goonie  
Don't you wake me up, I don't want this dream to...

All the times that we suffered this before  
Never once did you ever close that door  
All the make up cannot hide the fact  
That you're gone and you're never coming back.
