"Distances"

Visit "[Distances](#)" on MotoLyrics.com

From East I come,
Move towards the sun,
And still even though,
I don't know where to go

I can hear you calling,
I hear you scream my name again (hear you scream
my name again...)

This lonely road I walk alone

I travelled far,
Following your star,
Times have changed my friend,
I'll walk you 'til the end

I can hear you calling,
I hear you scream my name again (hear you scream
my name again...)

This lonely road I walk alone

Maybe these distances will always be too much,
Maybe the time I spend will never be enough,
Maybe the problem is that even though it's wrong,
When the time comes I'll be gone (I'll be gone)

Running forward still,
Over every hill,
Though the road is long,
I can still move on

I can hear you calling,
I hear you scream my name again (hear you scream my
name again...)

This lonely road I walk alone

Maybe these distances will always be too much,
Maybe the time I spend will never be enough,
Maybe the problem is that even though it's wrong,

When the time comes I'll be gone

I can hear you calling, I hear you scream my name (I
can hear you calling, I hear you scream my name
again...)

Maybe these distances will always be too much,
Maybe the time I spend will never be enough,
Maybe the problem is that even though it's wrong,
When the time comes I'll be gone (I'll be gone)
