All hail!
The leaders of the revolution.
We've got your policy, your war, your hate, your
retribution.
All hail!
The sheer failure of a nation.
S.O.S boys, this is white noise.

Destroyer, destroyer
We sing it like a funeral choir.
Mourning now our hope is burning in the fire.
Deceiver, deceiver
You never where a great acheiver
This is a joke, I hope you choke
Non believer.

Everything you destroy, we replace
Destroyer, destroyer
Every word you write, we will erase
Destroyer, destroyer
Everytime you think you've stopped us
We rise up stronger from the dust.
Turn around motherfucker, 'cause we ain't done.
Destroy, destroy
Destroy, destroy

All hail!
The shot that set a nation running
The smoking shells are piling up, just keep 'em coming.
All hail!
The warning sound of our salvation.
Line 'em up boys, this is white noise.

Destroyer, destroyer
Religion needs a new employer
I've got a rope to hang your jesus even higher.
Deceiver, deceiver
I load the truth and cock the lever
And then I'll take my aim towards your fucking leaders.

Everything you destroy, we replace
Destroyer, destroyer

Every word you write, we will erase
Destroyer, destroyer
Everytime you think you've stopped us
We rise up stronger from the dust.
Turn around motherfucker, 'cause we ain't done.

Destroyer, destroyer
We live inside the fire.
Destroyer, destroyer
We live inside the fire
Destroyer, destroyer
We live inside the fire
Destroyer, destroyer
We live inside of you.

Destroyer, destroyer
We live inside the fire.
Destroyer, destroyer
We live inside the fire
Destroyer, destroyer
We live inside the fire
Destroyer, destroyer
We live inside of you.

Destroyer, destroyer
We live inside of you.
Destroyer, destroyer
We live inside of you.
Destroyer, destroyer
We live inside of you.
Destroyer, destroyer
We live inside of you.

We live inside of you.
We live inside of you.

Everything you destroy, we replace
Destroyer, destroyer
Every word you write, we will erase
Destroyer, destroyer
Everytime you think you've stopped us
We rise up stronger from the dust.
Turn around motherfucker, 'cause we ain't done.

Destroy, destroy
Destroy
We live inside of you
We live inside of you.
