Tonight I felt stronger  
inside of your wing  
it takes a lot to get home  
it's ok when the light is always on

I just want you to understand  
there's no need to keep waiting  
another day and another hand  
it could be so different  
a letter to me  
your wasted time  
you know you could be  
yeah you could shine  
but tonight you'll get it right  
you will make a difference

tonight, tonight, tonight  
it feels stronger  
goodbye, goodbye, goodbye  
and i could see through  
even so far away  
it's all you need to  
make it through another day

surprise, scream your heart out  
time, you will hand out  
today, it all seems too strong  
if only you tried you would move on

I just want you to understand  
there's no need to keep waiting  
another day and another hand  
it could be so different  
a letter to me  
your wasted time  
you know you could be  
yeah you could shine  
but tonight you'll get it right  
you will make a difference

tonight, tonight, tonight

it feels stronger  
goodbye, goodbye, goodbye  
and i could see through  
even so far away  
it's all you need to  
make it through another day

tonight, tonight, tonight  
it feels stronger  
tonight, tonight, tonight  
it feels stronger  
tonight, tonight, tonight  
it feels stronger  
goodbye, goodbye, goodbye  
and i could see through  
even so far away  
it's all you need to  
make it through another day  
yeah, yeah
