I haven't lost the way I feel  
I didn't look away this time  
The blood that's filling up these veins  
Doesn't half as feel like mine

But the shadows never seemed to comfort me  
(I don't want to feel this way)  
And how many little lies will make us say  
(I don't want to feel this way)

Hide the truth from my eyes  
I will never know, I will never know  
And tear the sun from my sky  
'Cause I will never know, I will never know

I didn't want to cross the line  
I didn't want this on my mind  
But through all the things I've said  
I'm still a part of this machine  
But the shadows never seemed to comfort me  
(I don't want to feel this way)  
And how many little lies will make us say  
(I don't want to feel this way)

Hide the truth from my eyes  
I will never know, I will never know  
And tear the sun from my sky  
'Cause I will never know, I will never know, oh

Hide the truth from my eyes  
I will never know, I will never know  
And tear the sun from my sky  
'Cause I will never know  
I will never ever, ever, ever know

Hide the truth from my eye, ooh  
I will never, never know  
I will never, never know  
I will never know  
I will never, never know
