I'm faking all the trust,  
I'll covert in the lie  
I'm losing faith in everything, the sunlight in the sky  
It's time you knew the animal,  
The one that sleeps inside.  
The thing that runs away from truth,  
And wants you all to...

This time I question direction!  
This time I question direction!  
This time I question direction!  
This time I question direction!

A gathering of angels,  
A parlamental thugs  
The inner damned, the wretched souls,  
I cannot bare to look.  
I just can't seem to help myself,  
To be a through these cracks,  
To slowly creep up all your trust and stab it in the...

This time I question direction!  
This time I question direction!  
This time I question direction!  
This time I question direction!

A new king is appointed,  
A new round will be coming part of you!  
This time I question direction!  
This time I question direction!

A new one's disappointed,  
All of this for you!  
This time I question direction!  
This time I question direction!

A new king is appointed,  
A new rule, becoming part of you.  
And no ones disappointed,  
All of this for you!

A new king is appointed,  
A new rule, becoming part of you.  
This time I question direction!  
This time I question direction!

A new church is anointed,  
A new choir singing out for you!  
This time I question direction!  
This time I question direction!

A new one's disappointed,  
All of this for you!  
This time I question direction!  
This time I question direction!

A new one's disappointed,  
All of this for you!
