Woo!

Day to day it's a problem I face  
You stare at me with a look of disgrace  
I wanna say that it could be different  
But oh oh no

You're better with all your preconceptions  
I know you don't like to make exceptions  
You seem to think that you really worked me out  
But oh oh no

I'd make a stand but the speech would take too long  
Raise your glass, you know where I belong  
Making friends with your enemies,  
Oh how could you be so wrong?

Masquerade with all your useless plans  
Take a seat, you don't know where I stand  
On your knees with my enemies  
'Cause I'm not what you think I am  
I'm not what you think I am  
I'm not what you think I am  
I'm not what you think I am  
I'm not what you think I am

1, 2, 3  
Still you haven't got to me  
Helped you rig a false economy  
How many times did you try to make me fall?

So hey, where'd you go from here?  
Don't run away cause you almost got me there,  
But in the end I'm the one that takes you down  
But oh oh no

I'd make a stand but the speech would take too long  
Raise your glass, you know where I belong  
Making friends with your enemies,  
Oh how could you be so wrong?

Masquerade with all your useless plans  
Take a seat, you don't know where I stand  
On your knees with my enemies  
'Cause I'm not what you think I am  
I'm not what you think I am  
I'm not what you think I am  
I'm not what you think I am  
I'm not what you think I am... !

GET IT, GET IT WOO!  
Yeah!

I'd make a stand but the speech would take too long  
Raise your glass, you know where I belong  
Making friends with your enemies,  
Oh how could you be so wrong!

Masquerade with all your useless plans  
Take a seat, you don't know where I stand  
On your knees with my enemies  
'Cause I'm not what you think I am!  
I'm not what you think I am

GET IT, GET IT WOO!  
Yeah!
