Lost Prophets comin, think about whatcha gonna do,  
whatcha gonna say, we're here to play (all the house  
too) with your mind body and soul (every day) bitch  
(every week every year).  
(And you know this) but you can't comprehend (Fuck  
man).  
(Fuckin shit) We rise above, we are the new kings. (all  
night long)  
Fuckin shit up, (we don't stop).  
Be prepared (till the break of dawn).  
Its all real this time, and I'm out.  
It's on now, (yeah) whatcha gonna do, whatcha gonna  
say? (ha)
