My soldiers march tonight in the city of your dreams
It's beautiful on me and tearing at your seams
Down on your knees, queuing this disease
I'll take it all, everything I see, oh, can't your hear this
symphony?

Behind these walls you watch them fall
As our union crumbles into hell

It's not the end of the world now, baby
So come on, dry those tears
It's not the end of the world now, darling
But I can see it from here

Oh baby, don't cry tonight because your tears, they will
bleed
Underneath this blood red moon, I'm deafened by your
screams
Watch what you say, I will betray my promises, they will
decay
I'll make amends but not today

Behind these walls you watch them fall
As our union crumbles into hell

It's not the end of the world now, baby
So come on, dry those tears
It's not the end of the world now, darling
But I can see it from here

It's not the end of the world now, baby
So come on, dry those tears
It's not the end of the world now, darling
But I can see it from, I can see it from here
I can see it from here

It's not the end of the world now, baby
So come on, dry those tears
It's not the end of the world now, darling
But I can see it from here

It's not the end of the world now, baby
So come on, dry those tears
It's not the end of the world now, darling
But I can see it from here
