Take, break, shake it off, Wake from your slumber,  
Hey kids live to shock, Here comes the thunder,  
Time to make a choice, When you are older,  
We'll be sorry enough for you baby,

I remember when, When we were younger,  
Hate, Love came and went, Still had each other,  
Young hearts, exploding minds of jealous lovers,  
Are you singing with me?

They tell you Jesus walks but baby He'll just walk away,  
No matter what you do you're gonna have to fight  
someday,

Fake smiles, seen them all, I just don't need it,  
Aim, fire, watch them fall, no warnings heeded,  
Fall down, get back up, ignore the bleeding,  
Every street, every town we'll follow you into the,  
Right fight every night, just keep on swinging,  
Stand fast hold your ground, you're doing great kid,  
Can't you hear the crowd, everyone's singing,  
Yeah you're singing with me,

They tell you Jesus walks but baby He'll just walk away,  
No matter what you do you're gonna have to fight  
someday,

Cause baby when it's you and me we've only got to  
fight a war,  
We will never lose,  
If it's you and me, we've got a chance to live for more,  
We could make it through, singing,

Oh no here we go, I'm not the only one who seems to  
know, you might get  
Lonely,  
I know it's a lot to take in but, you've got to sing it with  
me,

They tell you Jesus walks but baby He'll just walk away,  
No matter what you do you're gonna have to fight

someday,

Cause baby when it's you and me we've only got to  
fight a war,  
We will never lose,  
If it's you and me, we've got a chance to live for more,  
We could make it through, singing,

Woah woah hear it across the night till ears are ringing,  
Woah woah We'll never give up the fight, we'll never  
stop singing,

Hey now dry those eyes, you will recover,  
No more compromise, for one-another,  
Stay strong fall and rise when it's all over,  
You'll be singing with me.

They tell you Jesus walks but baby He'll just walk away,  
No matter what you do you're gonna have to fight  
someday,

Cause baby when it's you and me we've only got to  
fight a war,  
We will never lose,  
If it's you and me, we've got a chance to live for more,  
We could make it through, singing,

Woah woah hear it across the night till ears are ringing,  
Woah woah We'll never give up the fight, we'll never  
stop singing,

Woah! We'll never stop singing...  
Woah! Never stop singing...

We'll be sorry enough for you baby.
