Hate, hate is a word,  
Hate is the only word that suits you.  
Love, I'd love you to feel,  
I'd love you to feel, feel the same as i do

I, I wanna win,  
I will not let you be alone here.  
We, we know the way  
We know the tricks you use cos we're not stupid

L O V E,  
Don't you want me,  
I can't offer what you want but thats alright girl

Fly, fly like the wind,  
Fly like the wind has caught your white sails.  
Time, time cannot heal,  
Time cannot heal the wounds these wounds that you  
have caused me

Play, playing your games,  
Playing these games will never suit you.  
See, seeing the world,  
Seeing the world through eyes that cannot see me

L O V E,  
Don't you want me,  
I can't offer what you want but thats alright girl.  
Tease, tease, tease, tease,  
Don't you want me,

I can't offer what you want but thats alright by me.

Gone, gone is the love,  
Gone is the love that i once offered.  
Long, long is the time,  
Long is the days to travel just to get here.

So, so now you say,  
So now you say that you don't mean it.  
But I, I could not lie,  
I could not lie to you cos its all over

L O V E,  
Don't you want me,  
I can't offer what you want but thats alright girl.  
Tease, tease, tease, tease,  
Don't you want me,  
I can't offer what you want but thats alright girl.

L O V E,  
Tease, tease, tease, tease,  
L O V E,  
Thats alright girl, thats alright by me
