Tripping on yes y'all, to the beat y'all  
Cos back in the day, when the rhyme was strong  
I know I never thought that I could ever go wrong  
I keep a lot of change kid, an attitude slip  
And this is what happened when the kids mad trip  
But we're over that now  
Another known era, a hell of a lot stronger and our  
goals are clearer  
These peoples, kid, will always try and break you down  
but they can't do shit except act like clowns  
There's a lot of bad shit in the world today, and ain't  
nothing we can do except hope and pray that the  
younger generation will wake up and learn that you  
can't play with fire without getting burned  
Check it, some of them got shooters kid, some of them  
be fools and you can't set standards without breaking  
rules  
Some of them are turning and some of them care but  
all them see life and the world as being unfair

This is it, what  
I keep on rocking till I die  
Can't quit, what  
Until I'm falling from the sky  
This is it, what  
I keep on rocking till I die  
And if I never make it, then at least I tried  
This is it, what  
I keep on rocking till I die  
Can't quit, what  
Until I'm falling from the sky  
This is it, what  
I keep on rocking till I die

Your last chance, you threw it away why, why and that's  
the joy, the joy, you play  
I believe in myself someday and that's all I will say one  
time

Enough negativity, let's focus on the positive  
Now try to listen closely, here's the best advice that I  
can give

Get me down with my people, and rock, rock on  
And if you hate everybody, then your attitudes wrong  
Not another fat rhyme kid, it's growing strong  
Giving love to the true till the break of dawn

Rolling with the times and giving our best shot  
But if you don't, well, that's one thing you got  
How long would your family roll, and if not  
Then try to stay strong, stay true to the block  
Cos if you don't then you're out to loose a hell of a lot  
Kicking and knocking at your door  
To the people that respect my shit, and all of that I'm  
doing it  
Check it out

This is it, what  
I keep on rocking till I die  
Can't quit, what  
Until I'm falling from the sky  
This is it, what  
I keep on rocking till I die  
And if I never make it, then at least I tried  
This is it, what  
I keep on rocking till I die  
Can't quit, what  
Until I'm falling from the sky  
This is it, what  
I keep on rocking till I die

Your last chance, you threw it away why, why and that's  
the joy, the joy, you play  
I believe in myself someday and that's all I will say

Your last chance, you threw it away why, why and that's  
the joy, the joy, you play for  
I believe in myself someday and that's all I will say
