I've heard all your whining
All this talk behind my back
The time is coming
The time is now for our attack

A new sun rising
A new one in your world of black
Don't try to stop this
You will break like glass

Move over, son, your time is done
The weak are trapped under our feet
The city's done, we see you run
Cause you can't take our heat

Let's go, the only way we know
We're taking you out
Let's go, the only way we know
We're taking you out

Let's go, the only way we know
We're taking you out
Let's go, the only way we know
We're taking you out

Did you not understand me, were you not listening last
time
A new day dawning and we're taking back your life
You look so pathetic, now were taking back control
I'm sorry but we have to let you go

Move over, son, your time is done
The weak are trapped under our feet
The city's done, we see you run
'Cause you can't take our heat

Let's go, the only way we know
We're taking you out
Let's go, the only way we know
We're taking you out

Let's go, the only way we know

We're taking you out
Let's go, the only way we know
We're taking you out

Now, taking you out
