

Lotion "Around"

She's like south of the border
To the warm illustrated man
Roman candles and sparklers
Smoky backyards in summer
Around around
Around around
So she's got an idea
They take drugs and they go to the park
If you think you're in love, man
Well just wait until dark
Around around
Around around
Nearly drunk with desire

Well go home and sleep it off
More than two hours later
She waits in the bed for him
Keys in the door, aggravation
She's a cool drink for a tired man
Put your troubles behind you
Put your love in my hands
Around around
Around around
She doesn't want to know him
But I can still remember
Around
